## GREATEST FIRE OF DECADE IN NEW YORK BURNS EQUITABLE LIFE BUILDING TO GROUND

### DEATH ROLL IS BELIEVED TO REACH 25

Property Loss May Reach 30  
Millions—Spectacular  
Scenes in Flames

### FINANCIER AND AIDS IN VAULT TO ESCAPE FIRE

Dragged Out Dying—Battalion  
Fire Chief Dead—Business  
Is Demoralized

NEW YORK, Jan. 9.—The Equitable Life Assurance four-teen-story building and all the structures in the block bounded by Cedar, Pine, Nassau and Broadway were burned today in the most sensational fire of decades. There is a possible loss of not less than \$15,000,000 and may reach \$30,000,000. Ten are known dead. Deputy Fire Chief Walsh is missing.

The fire started at 5:20 a. m. in the Equitable building which was supposed to be fireproof, and soon menaced the entire financial district. A high wind threw fire brands broadcast throughout Manhattan. For the first time in the history of the borough every piece of fire apparatus on the island was out. Dire confusion reigned in the business district. The streets were covered with debris before the firemen arrived. Bodies were seen falling from the fifth floor and how many perished in the fire will never be known. The property loss cannot be determined until the ruins have cooled sufficiently to examine the vaults.

Within half an hour every floor was roaring at all entrances to the fire furnace. Broadway is sixty feet wide at this point, but the other three streets are mere alleys. Through these canyons, a terrific wind made it impossible to raise the scaling ladders. A million New Yorkers gathered on the surrounding streets and hundreds of thousands came from the suburbs and the crowd was so great that police reserves were called out. Scores of buildings were closed to prevent the entrance of the encroaching crowds. A thousand police are guarding these. The opinion is growing that perhaps a score of firemen perished, and many porters of the Equitable building are unaccounted for. The body of Conrad Siefert, an Equitable building special officer, was burned to be almost unrecognizable. William Sheehan, a special officer, was terribly injured.

The known dead are: Battalion Fire Chief William Walsh, Conrad Siefert, Special Policeman Giuseppe Conti, porter; John Savzi, porter; John Campano, night watchman; an unidentified porter; an unidentified citizen. It is believed that there are surely ten dead. The property loss is not less than \$15,000,000 and may reach \$30,000,000. It was announced at 9 o'clock that the fire had been controlled. Because of the blocked condition of the streets, brokers had difficulty in transacting business.

When the Exchange opened it was announced that clearances would be effected through the Chamber of Commerce building.

While the fire was raging officers of the Equitable Trust Company, escorted by fireman and police, opened the vaults, throwing securities, money and legal papers worth millions into waste baskets, later transporting them to the Hanover Trust vaults. The offices in the building included those of August Belmont, Kountze Brothers, the Union Pacific R. R. Co., the Maryland Railway Co., the Equitable Trust Co., the Mercantile Trust Co., the Mercantile Safe Deposit Co. and the Equitable Life Assurance Co. At 9 o'clock the walls on the side of the building where August Belmont was located, collapsed. Belmont had entered the building several times. He was driven away just five seconds before the collapse by the police.

President William Giblin of the Mercantile Safe Deposit Co. and two companions, after being driven out of the building twice, entered the third time to rescue papers in a private desk, were surrounded by the flames.

### Baltimore For Democratic Convention On June 25, 1912

WASHINGTON, Jan. 9.—Baltimore was chosen for the Democratic national convention on June 25, after Robert Crain, a Baltimore merchant, produced a pledge signed by all the Baltimore hotel men guaranteeing that rates would not be raised during the convention. He also exhibited a certified check for \$100,000 to help defray the expenses of the convention.

Two ballots were necessary to Baltimore's choice. The first vote stood: Baltimore, twenty-three; St. Louis, eight; Chicago, six; Denver, three; New York, one.

For District Primaries  
The committee adopted a resolution stating that democracy favors the direct presidential primaries.

### BALTIMORE LED ALL OTHER CITIES TODAY

WASHINGTON, Jan. 9.—The Democratic national committee has set June 25 for the national convention. Baltimore is apparently leading St. Louis and Chicago for the convention.

Baltimore executed a coup by securing six proxies. St. Louis is handicapped because Clark and Folk are possible candidates. Denver, Chicago and New York have practically abandoned the fight for the convention.

The committee assigned thirty minutes to each contending city to present its claims for the convention.

## THOSE REGISTERING NOW MUST TELL DEPUTY AGE AT THE LAST BIRTHDAY

If you have tears, prepare to shed them. This applies only to those who hate to give their ages. All others need not weep.

County Clerk Williams today notified all of his registration clerks that from now until further notice all those who register must give their ages.

Acting under early advises from Sacramento, the county clerk required only that the applicant for registration state whether or not she was over 21 years of age. This seemed to work first rate until word came from Sacramento to the effect that the secretary of the state had changed his opinion, and that until the new law goes into effect in March the age must be given right down to the very last year.

Since several men and women had registered in this county, County Clerk Williams proceeded to dig into the legal phase of the age statement. District Attorney West stated that the affidavits being used by the clerk's deputies were strictly all right, that all that the law requires is a statement that the applicant for registration is over 21 years of age. Attorneys R. Y. Williams, H. C. Head and W. M. Brown also looked up the law, and they argued that the district attorney was correct.

But since the officials at Sacramento to hold differently, County Clerk Williams has concluded to play safe. For the present at least, all deputies are required to secure from the applicant a definite statement as to age.

Hions are in the Equitable building vaults. All the vaults are reported intact but it is not possible to verify this until they have cooled off.

### 15 FIREMEN DECLARED TO HAVE PERISHED

SAN FRANCISCO, Jan. 9.—Private dispatches to Manager Shields of the Equitable Life Assurance Co. say it is positively known that fifteen firemen perished in the New York fire burning the Equitable building.

### STOCK DELIVERIES CALLED OFF BY GOVERNMENT COMMITTEE

NEW YORK, Jan. 9.—On account of the Equitable Life fire the Government Stock Exchange committee announced that all stock deliveries were suspended for the day except by mutual consent of buyer and seller. This was done because of the mass of securities in the vaults of the Mercantile Safe Deposit Co. in the Equitable building.

### BELIEVED 25 PEOPLE DEAD IN EQUITABLE BUILDING

NEW YORK, Jan. 9.—Acting on the reports of persons reaching the Equitable building when the fire started, Fire Chief Kenlon has ordered rescuers to enter the still burning structure in search of dead bodies. The chief has been informed that eighteen firemen and employees of the building are missing and fears that all are dead. It is now said the deaths may reach twenty-five.

### STYLE CONGRESS

1000 Women's Tailors Convene In Chicago to Decide on the Year's Fashions

CHICAGO, Jan. 9.—More than a thousand women's tailors from all parts of the United States gathered here yesterday at the first annual style congress and convention of the Chicago Woman's Tailor Association. The meeting will last throughout the week. It is planned to hold a meeting here every January in the future.

## SUPREME COURT KNOCKS OUT 16-HOUR LAW

Declares Washington State  
Law For Railroad Employees  
Is Unconstitutional

### LUMBER RATE ORDER OF COMMISSION IS UPHOLD

Wisconsin Income Tax Law Is  
Constitutional Says the  
Highest Court

WASHINGTON, Jan. 9.—The Supreme court has declared unconstitutional the Washington state law prohibiting the employment of railroad men more than sixteen consecutive hours. This reverses the decision of the state Supreme court. The Supreme court held that the law conflicts with the federal statute, which was the defense of the Northern Pacific in a test case brought by the attorney general of Washington.

### COMMERCE COMMISSION UPHELD IN LUMBER RATES

WASHINGTON, Jan. 9.—The Supreme court today reaffirmed the constitutionality of the Hepburn law regulating interstate traffic, in deciding the cases of the Union Pacific, Northern Pacific and Great Northern railroad companies. It held that the Interstate Commerce Commission's order reducing lumber rates in the northwest to the east was valid.

### WISCONSIN INCOME TAX LAW DECLARED CONSTITUTIONAL

MADISON, Wis., Jan. 9.—The state Supreme court has sustained the constitutionality of the income tax law, which is similar to the income tax law recommended by the National Taxation Reform Association, and was thrown into court shortly after the income law became effective, to be used to determine the latter's validity.

## U.S. TROOPS TO GO TO CHINA

500 Men Rushed From Manila  
—Armistice to Jan 15—Wu  
Off to Peking

WASHINGTON, Jan. 9.—Five hundred American troops will be rushed from Manila to Chin Wang Tao, China, to guard American concessions on the Peking-to-the-Sea railroad.

### ARMISTICE REPORTED AS EXTENDED TO JANUARY 15

LONDON, Jan. 9.—Peking dispatches say that the Chinese armistice has been extended to January 15. Dispatches say that public opinion favors the division of the country, the republicans taking the south and the Manchus the north.

### REPUBLICANS ACCEPT OFFICE IN NEWLY-FORMED CABINET

SHANGHAI, Jan. 9.—Wu Ting Fang started for Nanking to complete the Republican cabinet. All those appointed to cabinet offices have accepted.

### PORTFOLIO UNDER ARM SAVED MAN FROM DEADLY BULLET

SALEM, Ore., Jan. 9.—A portfolio under his left arm stopped a bullet aimed at the heart of A. E. Clark, special prosecutor in the Louis J. Wilde case, when a would-be assassin fired from the statehouse grounds. One bullet struck his arm below the elbow, a second embedded itself in a bundle of papers in the portfolio. A report is current that Clark was mistaken for a government officer.

### OREGON WOULD HAVE ROOSEVELT'S NAME ON STATE'S BALLOT

SALEM, Ore., Jan. 9.—A nominating petition to place the name of Theodore Roosevelt on the primary ballot for president was received yesterday by the Secretary of State. The petition was filed by Oliver M. Hickey of Portland, who informed the secretary in a letter that the maximum number of signatures, one thousand, could be secured "at a moment's notice," and that more would be solicited as soon as the form of petition was approved by the secretary.

## WOULD COLLECT BACK 'PHONE TAXES

City Officials Think Santa Ana  
Has Something Coming  
From Pacific

### START ROCKPILE HOBO PREVENTATIVE

Gravel and Oil on Two Short  
Strips of Street Have  
Been Ordered

The city council last night took a decided stand to the effect that the Pacific Telephone & Telegraph Co. must pay into the city treasury a sum of money to recompense the city for the loss for some years back of the franchise tax.

The telephone company's neglect of franchise dates back a number of years. The company thought that it had a right under federal law to do business in a city without paying any franchise tax. This point was fought out in the Pasadena and Pomona cases, and the telephone company lost.

Santa Ana was securing a percentage from the Home Telephone Co. The Pacific (Sunset) was paying nothing. So Santa Ana devised a means of making the Pacific turn more money into the treasury than would come in ordinary assessment. That method consisted in doubling the assessment of the Pacific. The Home poles and wires were assessed at \$500 per mile, the Pacific's at \$1000.

Now that the courts have decided that the telephone company must take out a franchise, the Pacific offers to begin making payment of the two per cent franchise tax dating from Jan. 1, 1912. At the meeting with the city trustees a week ago, District Manager Lynch stated that inasmuch as Santa Ana had devised a means by double assessment to get a special tax from the Pacific company and had collected that money the city could not expect to collect back franchise tax.

That the city trustees do not look at the matter that way is shown emphatically by the act of last night, for a committee was appointed to do some figuring, to find out how much money the Pacific ought to have paid, and, deducting the extra taxes collected through the effect of the double assessment, how much money is due now.

Talking Turkey  
Alderman said he wants the Pacific Telephone company to either take out a franchise or quit doing business, to shoot or give up the gun. This remark was made because the trustees expected the company representatives to be present last night, but none was there.

McPhee said the company's local manager told him the company was drawing up a new application, that the document drawn up by the city attorney did not suit them at all.

Heathman said the trustees and company must get together and settle on the terms, and then advertise the franchise for sale.

Heathman said the company would pay two per cent of its gross receipts as a franchise tax. Grubb said he thought the company ought to pay two per cent for all the years the company had used the streets without a franchise. Alderman stated that the city could make payment of that back tax a provision of granting the franchise; if not paid, no franchise. Grubb said his position would be to refuse a franchise unless the back percentage is paid in.

McPhee moved that the city attorney notify the telephone company to make application with the terms they want not later than next meeting.

Alderman stated that while the Pacific had not paid franchise tax, the city had doubled up their assessments. He thought a committee should be appointed to estimate what the franchise tax would have been had there been a franchise. From that deduct the excess taxes paid, and demand of the company that it pay the sum to the city.

Heathman said there is no provision in the franchise law for the collection of this back tax, but the city might be able to hold back the franchise until the money is paid.

Grubb incorporated Alderman's suggestion concerning the committee in a motion, which carried. Greenleaf, Grubb and Alderman were put on the committee.

### Buy Heavy Oil

Grubb reported that steps had been taken toward having property owners between Broadway and Birch on Fourth pay for repairs of the streets.

Grubb stated he thought the city could buy a carload of heavy oil through the P. E. The city has crushed stone and with the oil will lay a large number of cross walks.

## ROOSEVELT'S NAME OUGHT TO BE PLACED ON PRIMARY BALLOT

Register Believes Result Would  
Be to Force Nomination  
and Acceptance

The Santa Ana Register to-day received the following telegram from the Chicago Tribune:

Chicago, Ill., Jan. 9.  
"To Register, Santa Ana, Cal.  
"The Tribune on Sunday declared that in direct primary states Roosevelt's name should be put upon the ballot to learn whether Republican sentiment favors him. Will you please wire us your opinion on this proposition?"  
"The Tribune."  
The Register expressed its sentiment in its reply, as follows:  
"To Tribune, Chicago, Ill.  
"Yes, by all means, and it believes the result would be so overwhelming as to force Roosevelt's nomination and acceptance."

## THE CHAIR FOR REV. RICHESON

Judge Sanderson Sentences  
Him to Electrocutation After  
Plea of Guilty

BOSTON, Jan. 9.—Rev. C. V. T. Richeson withdrew his not guilty plea today and pleaded guilty of the murder of Avis Linnell. Judge Sanderson sentenced him to electrocution.

The prisoner entered the court shaven and calm. The proceedings occupied but fifteen minutes. District Attorney Pelletier read the confession. Richeson changed his plea, declaring his action was based on forethought. The court then said:

"Clarence Richeson it becomes my painful duty to impose the penalty prescribed by law. I have no alternative. You will be taken to Charlestown prison and held in close custody until the week beginning May 19th, during which you will suffer death in the manner prescribed by law."  
Richeson was the most collected man in the room. He bowed and said: "I am ready, gentlemen."

Mornard head of the commission, indicates that the appointment is only temporary. Shuster will leave here Thursday. He is returning to the United States by way of Russia.

## DYNAMITING PROBE TO RE-OPEN

Federal Grand Jury Venire Is  
Called—Will Convene on  
January 21

### MCCORMACK DECLARES CASES "OPEN AND SHUT"

Likely That Los Angeles Probe  
Will Reveal Sensations  
in Nation-Wide Case

LOS ANGELES, Jan. 9.—The venire for a new federal grand jury to continue the dynamite probe has been drawn. It will be ordered to report on Jan. 23.

### McCormick Says Probe Is Wide

LOS ANGELES, Jan. 9.—The federal probe of the alleged nation-wide dynamite conspiracy is not ended. Within a month another federal grand jury will be empaneled in Los Angeles, and the government's searchlight turned upon the darker angles of the case that may cause a sea-to-sea sensation.

United States District Attorney A. I. McCormick, who has been in charge of the investigations thus far carried on in Southern California, assured a representative of the press today that before January has run its course the federal jury for the year will be sworn, and the inquiry resumed. He further intimated that Jan. 23 would be the exact date on which the work would begin.

Furthermore, there will be probes in other cities. How many, or in what cities, McCormick refused to divulge, but on fair authority it is rumored that San Francisco and Chicago are to be included.

"We have an open and shut case against certain men," McCormick said, "and these probes are only to look further into the affair. So far as the 'open and shut case' is concerned," he added, "I refer to the men accused."

"I have investigated only the California end," the federal official replied. "Further than that I have nothing to say."

McCormick admitted that it is uncertain that Orrie McManigal, first of the three men brought here to confess, would be prosecuted here on a charge of illegally transporting dynamite as charged in the indictments returned by the grand jury Dec. 31, 1911. He further stated that the contents of the indictments returned last Saturday will not be made public until the defendants are arrested. The arrests, it has been stated, will probably not be made until those named in the true bills return to Southern California to answer to the court. The government, it is claimed, is not desirous of bounding those indicted, and will be content with a gentle surveillance, which will be maintained until the arrests are made.

### MCCORMICK WAS BEFORE COUNTY GRAND JURY

LOS ANGELES, Jan. 9.—In the resumption of work by the county grand jury yesterday afternoon when investigation of various features of the dynamite conspiracy in which the McNamara brothers are said to have been but a part, Federal District Attorney A. I. McCormick was the first to be called. As he admitted he had no knowledge of the bribing of jurors in the McNamara trial, his appearance is believed to have been for the purpose of paving the way to acquiring much of the evidence the federal grand jury secured in its inquiry.

### COUNTY GRAND JURY ISSUES 100 SUBPOENAS

LOS ANGELES, Jan. 9.—It is reported that one hundred subpoenas have been issued by the county grand jury in connection with the dynamiting investigation. Papers are being served.

### THE BEAN INDUSTRY IS TO BE PROMOTED

Oxnard Grower Will Tour Canada to Interest Canucks in Using Lima Beans

OXNARD, Jan. 9.—For the purpose of interesting residents of Canada, the Northwest and other sections in the using of lima beans and in the bean industry generally, Manager J. M. Waterman of the Lima Bean Growers' Association has left for an extensive tour of the Canadian regions. The principal portion of his trip will be the Canadian country from Vancouver to Quebec. This territory has never before been interested in the lima bean industry of Ventura county and it is the intention of Mr. Waterman to appoint agents in the new section and generally stimulate interest in the Ventura county product.

all the offices filled, several new members and old members renewing their interest, the prospect is good for a successful year. Mary A. Logan Tent, Daughters of Veterans, is also in a flourishing condition.

At noon a bountiful dinner was served to upwards of 200 guests. Fullerton Tent, Daughters of Veterans, was represented by a dozen members as follows: Mrs. Mae Dripps, state president of the organization; Mrs. J. A. Woolsey and daughters, Mrs. Robert Jones and Mrs. Earl Hemphill, Mrs. Trear, Mrs. Smith, Mrs. Carlson, Mrs. Niman, Mrs. Avis Knowlton, Misses Dunham, Almes and Dean. Among those present from out of town, O. V. Knowlton of Fullerton and Mr. and Mrs. McTaggart of Santa Ana, were noticed. The dinner was furnished partly by the comrades and partly by the Relief Corps and Daughters of Veterans, committees from the two latter organizations serving the viands and waiting on the tables. At each plate was a souvenir card with the sentiment—

The war is all over and gone.  
But its scenes we remember well yet;

The beans and hard-tack of the past,  
We can never, no never forget.

G. A. R., Jan. 5, 1912.

The tables and hall were decorated with flowers from the plaza, supplied by Comrade D. T. Moore, who has charge of the plaza. Rev. B. C. Cory, in appropriate words, returned thanks for the blessings of the day.

At about 1:30 p.m. the installation services began with those of the Post, Past Commander Charles Baker acting as installing officer, and Comrade S. R. Smith as officer of the day. Miss E. P. Bibber presided at the piano during all the installations, being relieved, when other duties demanded her attention, by Mrs. Cora Gregg. The following officers were installed, the ceremonies being performed with military precision by all taking part: Post commander, G. W. Mason; senior vice commander, Leroy Bennett; junior vice commander, J. L. McCampbell; adjutant, Elwood Coate; surgeon, Chas. Baker (by proxy); officer of the day, W. N. Paine; quartermaster, S. Armore; chaplain, C. C. Stoner; officer of the guard, H. C. Wheeler; patriotic instructor, Elwood Coate.

Mrs. J. C. Hyle acted as installing officer for the corps, with Mrs. Lizzie Dillon as guide. Following are the names of the officers installed, the work being performed promptly and well. President, Mrs. Mary Downs; senior vice president, Mrs. Lydia E. Jones; junior vice president, Mrs. Lizzie Dillon; secretary, Miss Katherine Hubbard; treasurer, Miss Prince Bibber; chaplain, Mrs. Mary T. Little; conductor, Mrs. Truby; guard, Mrs. Adeline Field; patriotic instructor, Mrs. C. I. Smith; musician, Mrs. Cora Gregg; assistant conductor, Mrs. Braisher; assistant guard, Mrs. Ames; color bearers, Mrs. Catherine Hitchcock, Mrs. Hattie Perry, Mrs. J. L. McCampbell, Mrs. Mary Baker.

The newly installed president, Mrs. Mary Downs, made a sprightly little speech, which was received with hearty applause.

The daughters were favored by having as their installing officer Mrs. Mae Dripps of Fullerton, state president, formerly of Orange, and well known and greatly beloved here. She was ably assisted by her staff, and the graceful installation service of the order was performed without a break, forming a charming close to the day's exercises. The officers installed were as follows: Elective: President, Margaret A. Killefer; senior vice president, Ada Shoemaker; junior vice president, Bell Barnes; chaplain, Susan Waechter; treasurer, Anna Slater; patriotic instructor, Eliza Paine; guide, Hattie Perry; guard, Edith Humphrey; assistant guard, Margaret Donovan; musician, Prince Bibber; color bearers, Louaine Leach, Bernice Camfield, Della Bishop, Lilla Camfield.

## California: It's History and Romance

By JOHN S. MCGROARTY

## BOOK that you will SIT UP NIGHTS to READ

It is a one-volume story of the most wonderful state in the world told in the language of a poet. Every phrase is a song; every statement is a fact. It thrills and thrills and thrills.

Eloquent, yet concise; beautiful, yet solid; fascinating, yet instructive; it contains all that is essential and is a portrayal of California by the Golden State's most gifted and best loved writer.

Adapted to youth, middle-aged and elderly persons alike, it meets the universal demand of all for a single-volume history of California. It is very valuable to the student, not only for the knowledge it contains but also as a study in word-painting and phraseology.

This work has been reviewed and passed upon by the most eminent historians and literary critics of California, to their complete satisfaction.

In one volume, thoroughly indexed, beautifully illustrated, splendidly bound and printed in good readable type, it is the most valuable book on the Holiday counter. Be sure that some member of your family receives it as a Christmas remembrance in order that it may have a place in your home.

Written by a Californian, published by a California House, it fulfills in every respect your choicest demand. Sold at all bookstores, or address

Chicago's Leading Women  
Meet to Plan For Securing  
the Ballot

CHICAGO, Jan. 9.—Three or four pages of the Chicago Blue Book would serve as a list of those who gathered in the ballroom of Mrs. Hobart C. Chatfield-Taylor's residence, 631 Rush street, this afternoon for the first meeting of Chicago society women in the interest of woman's suffrage. The ballroom was filled, and in the throng were many prominent women who hitherto have held aloof from participation in the movement.

It was not a meeting of "militant suffragettes." The idea as announced was to awaken the society women of Chicago to the need for their co-operation. To this end the women and one man—who were on the program pointed out the grounds upon which women claim the right of the ballot, what had been accomplished in the western states, and the need for co-operation.

In the personnel of the attendance, at least, it was the most remarkable political meeting ever held in Chicago. Miss Jane Addams presided. She was assisted by Mrs. Cyrus H. McCormick, Mrs. Chatfield-Taylor, Mrs. Kellogg Fairbanks, Mrs. Tiffany Blake, Mrs. Frederick Bartlett and Mrs. Arthur Aldis.

## WOMEN IN POLITICS

If there is any reason whatever to assume that women, under the old order of things, have not obtained their political rights, or that interests which they have at heart more especially than men have not been properly looked after, they are correct in organizing for political purposes, or in continuing that organization by which they obtained the suffrage. Such claims have often been made on the political stump and in societies and club rooms. They should now, very properly, be made to legislative committees and to the people at large by means of the initiative and referendum.

Therefore no proper objection can be made by anyone to the formation of women's political clubs, to be composed of women only and to include all women who wish to apply for membership and aid the cause. There should be no more objection to women's membership in such organizations than there was to their voting at all, and we in California at least have a right to vote. Whether in connection with this activity it shall be found necessary to place women in legislative or other offices, may be another question. Officeholders, as a rule, listen faithfully to the voice of the voter, and it is claimed that they have not listened to women without votes. All the declarations that women have been neglected politically because they have been forbidden the vote should now be tried out and tested, as all other matters are tested on a basis of democratic influence.

On the other hand, on all those questions which are not a matter of sex, it will be well if those women who are leaders in political affairs keep out of organizations that are for women alone. Political clubs as such must now be composed of men and women both. Any attempt to have men's clubs or women's clubs in the interest of special political policies or special candidates can meet with nothing but disapproval. It will be as bad, if not worse than it has been to organize on racial or class lines in the interest of policies or candidates. If the tariff and free silver and the Philippine questions are not matters on which carpenters or bankers or blacksmiths should organize, they are far less questions on which women's clubs as such should be lined up.

We have often regretted that in disputes over political questions we have found that men forget they were citizens and Americans. We hope that women will avoid this error.—Fresno Republican.

## WOULD COLLECT BACK 'PHONE TAXES

(Continued from page one)

A carload of the heavy oil was ordered. The new building ordinance was ready for reading but was not taken up. The ordinance was prepared by Trustee Alderman and Inspector Jopet. Alderman said that on four or five matters he and Jopet differed.

Property owners petitioned for a sidewalk on the north side of Chestnut avenue in the 800 and 900 blocks. The matter was referred to the street committee, Grubb.

Nothing Doing  
Clerk Burke: "I have an anonymous letter on sewers, signed 'A Citizen.' Shall I read it?"

Grubb: "I move it be placed in the waste basket. Anyone who can't give his name—we haven't time to consider what he says."

McPhee seconded and the letter went to the waste basket muffled.

All the property owners on Spurgeon between Washington avenue and Fifteenth street had signed up to pay \$15 per 50-foot lot for gravel and oil paving, and the street superintendent was instructed to do the work.

All but one property owner between Fifteenth and Seventeenth have signed.

Call for Plank  
Owing to the fact that there is no 4-inch cedar plank on the market, the city rescinded its call for bids for that material for covering the Main and Hannah street bridges.

McPhee said the bridges are in bad shape and he favored putting down two layers of two-inch pine at once. Grubb favored a layer of two-inch pine on the bottom and three-inch cedar on top, both to be dipped before placing. The clerk was instructed to advertise for two-inch pine and three-inch cedar, enough to cover both bridges, bids to be opened on Jan. 22.

McPhee moved that a warrant for \$38 be drawn in favor of Ed. Harmon for protection to the sewer farm from the river. Carried.

The trustees, clerk and attorney were invited to attend the M. & M. banquet at the Armory Wednesday night. The invitation was accepted.

For the Rockpile  
McPhee said there are hordes of hoboes coming through. Today fifteen hoboes are serving fifteen days for attaching themselves to a train without paying fare. The cost of the fare at the jail for the fifteen men were taken off a train. McPhee said he wanted to voice objection to taking hoboes from the trains. "If they are on a train, let them keep going," said he.

Grubb said he thought a rockpile would be a good thing for treatment for those who can't be made to move on, who want to be arrested to be fed. He said he favored making every able-bodied hobo break a certain amount of rock or go hungry. Greenleaf said he favored a rockpile where rocks are measured out and broken, or no food.

City Marshal Wilson said a rockpile would help keep the hoboes away. He said officers are compelled by the state law to take hoboes off the trains.

Grubb's motion to establish a rockpile was carried.

Mrs. L. A. Johnson, of 926 West Fifth, filed a remonstrance to sidewalking East Fifth street opposite the planing mill. The matter was deferred until Jan. 15.

Streets Ordinance  
Heathman said the city ought soon to pass a blanket ordinance accepting all streets not already accepted so that it can be used in case of law suits. Grubb said he thought the ordinance important. Ey and McPhee are a committee on the ordinance. McPhee asked for more time. He said there are some streets that the city does not want to accept.

Water Superintendent Reid said Dr. Menges wants to sewer some lots on McClay street between Third and Fourth streets. Reid said the cost would be \$315. Greenleaf said the city had required the Wakeham tract to pay for its sewers, and he saw no reason for treating Dr. Menges better than that tract. Alderman said the Wakeham tract had volunteered. He favored making some kind of a proposition. Only one house is there now. Dr. Menges was granted privilege to lay the sewer at his own expense.

Reid presented the petition of B. F. Townsend in regard to a tract on Hickey street, between Ross and Van Ness. He wants water piped to every lot. The request was granted.

Mrs. Mary J. Neill, through the city attorney asked that a guy wire at the southwest corner of Fourth and Spurgeon streets be removed. The matter was referred to the street committee.

It was ordered that the street superintendent proceed with grading and oiling Hickey street between Broadway and Birch.

The city clerk was authorized to purchase a book for keeping the records of deaths in the city.

Banquet—Speeches Made By Notables

WASHINGTON, Jan. 9.—Fully 1000 of the leading Democrats of the country honored Andrew Jackson and at the same time congratulated each other on the coming victory of the party as they sat about the banquet table at the Raleigh last night.

Senator O'Gorman, as toastmaster, occupied the seat of honor at the table. W. J. Bryan was on his left. Among the speakers of the evening were W. J. Bryan, Champ Clark, W. R. Hearst, Woodrow Wilson. Among the notable Democrats present were Alton B. Parker, Joseph W. Folk, and Senator Newlands of Nevada.

## PASTOR RUSSELL AT THE CHINESE PARIS

No Burning Hell For Heathen Mentioned In the Bible.

Rightly Understood the Bible's Message Is One of Great Joy For All People—Tells That He Himself Was Once on Life's Sea Without Chart or Compass.

PASTOR RUSSELL

Shanghai, China, Jan. 7th.—The Committee of Foreign Missions Investigation seemed pleased with its reception here. Special honors were accorded General Hall and Pastor Russell, the former because of his official position as second in command of the United States Army, the latter as the Chairman of the Committee. We report Pastor Russell's discourse:

Pastor Russell greatly enjoyed his visit to the Chinese Paris. It was an experience he had longed for from childhood. Early in life he had inquired respecting the fate of the heathen and had received the answer that "without faith it is impossible to please God," and that "there is none other Name given under heaven whereby we must be saved" than the name of Jesus, and through faith in His blood. He then inquired the fate of the unsaved, and got the answer of all "orthodox creeds," that such would be consigned for all eternity to a place where they would suffer indescribable tortures.

Supposing that the Bible was the foundation of these creeds he abandoned the Bible, and for nearly two years was on the sea of life without chart or compass, seeking after a true God not less noble and loving and just than the very best of His human creatures.

Feeling sure that a wise, just, loving God, having made man with mental capacity to appreciate Himself, would make a revelation of His character and His purposes, he sought for a book containing such a revelation of the Divine will as his heart and head could accept. Having abandoned the Bible, he sought the teachings of other sacred books of the world, only to find them still more disappointing.

Hungry of soul, he returned to the Bible, thinking possibly he had studied it before through the distorted spectacles of human creeds. His fresh investigations brought a blessing! No where had he found so glorious a representation of the true, Divine character as in Jesus and His teachings. Truly, he said, "Never man spoke like this man!" Finally he saw the great difficulty which had blinded himself and others to the Divine love and gracious plan of the Bible.

The Resurrection of the Dead.

This discovery was that the penalty for sin is not everlasting torture after death, and that the Bible does not so teach. It declares, "The wages of sin is death;" "The soul that sinneth, it shall die;" (Romans vi, 23; Ezekiel xviii, 20.) He perceived that for six thousand years the world has been suffering the very penalty which God declared to Adam, "Thou shalt surely die;" "In the sweat of thy face shalt thou eat bread, until thou return to the ground from whence thou wast taken."

He sought the Bible remedy for all this and found that no remedy could be applied only as the Divine sentence should be settled for Adam by a substitute—that then only could the curse be removed. In full harmony with all this came the Scriptural presentation that the Only Begotten Son of God had left His spiritual plane of glory and become a Man, that "He by the grace of God should taste death for every man;" "Christ died for our sins, according to the Scriptures, and rose again for our justification."

Pursuing this Bible study he soon found that the hope of humanity centers in the resurrection of the dead: "As by a man came death, by a Man also comes the resurrection of the dead; for as all in Adam die, even so all in Christ shall be made alive—every man in his own order," or rank. (1 Corinthians xv, 21, 22.)

Two Very Different Salvations.

The Pastor was glad as he thought of the hundreds of millions of patient Chinese who will have a share in the great redemption secured by the death of Jesus, and not only so, but their ancestors, thousands of millions, will also have a share, for "Jesus Christ by the grace of God tasted death for every man;" "He is a propitiation [satisfaction] for our sins [the Church's sins], and not for ours only, but also for the sins of the whole world." Here are the two different salvations secured through the death of Jesus. Only one of these has yet been made effective—"ours"—not the world's. Ours is to be the First Resurrection, the world's is to be a subsequent one.

The elect Church, of which Jesus is the Head, and his saintly followers the members, will reign for a thousand years, overthrowing sin and death, breaking the shackles of ignorance and superstition, uplifting humanity out of sin and degradation to full human perfection. The earth is to be man's Paradise, which will reach perfection by the close of Messiah's reign. All who then reject this light will be destroyed in the Second Death.

## REALLY CURES BAD STOMACH

No Indigestion, Gas, Heartburn or Dyspepsia Five Minutes Later

If your meals do not fit comfortably, or you feel bloated after eating, and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something to stop food fermentation and cure indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your Stomach of poisons, excessive acid and stomach gas, which sours your entire meal—interferes with digestion and causes so many sufferers of Dyspepsia, Sick Headache, Biliousness, Constipation, Griping, etc. Your case is no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pape's Diapiesin will cost fifty cents at any Pharmacy here, and will convince any stomach sufferer five minutes after taking a single dose that Fermentation and Sour Stomach is causing the misery of Indigestion.

No matter if you call your trouble Catarrh of the Stomach, Nervousness of Gastritis, or by any other name—always remember that a certain cure is waiting at any drug store the moment you decide to begin its use.

Pape's Diapiesin will regulate any out-of-order Stomach within five minutes, and digest promptly, without any fuss or discomfort, all of any kind of food you eat.

## PLACENTIA Orange Co., Cal.

You don't pioneer when you move to Placentia. That stage of this new packing and shipping town was past six months ago.

With the building of the Santa Fe's new main line east through the famous Placentia district, Placentia Townsite came into existence as a business center for this thickly settled and wealthy community. The orange growers built five large packing houses to handle the production. (Three more packing house sites have been procured.)

Placentia today, twenty-six miles from Los Angeles is a thriving go-ahead town with all city conveniences, such as bank, hotels, large stores, newspaper, lumber yard, garage, etc.

Placentia will not stay a town; that is inexpressive of its future. Placentia, the center of a district equal to Riverside and Redlands, must be a city. Already there are over a thousand people dependent on Placentia as a distributing point, which makes for active business.

An ideal climate, beautiful surroundings, good water, and plenty of work in all lines, produce perfect living conditions. Placentia offers unexcelled opportunities for Merchandising, Home-making or Investment.

REMEMBER  
Placentia Townsite is over one-half sold out. Yet you can still buy at the original prices and on the original terms.

Let us show you both the Possibilities and the Actualities at Placentia. Do not select land for a home or investment until you have seen Placentia.

## The Malcolms at Home

Of a popular Los Angeles girl, well known and liked in Santa Ana where she formerly visited frequently when Miss Enid Behmer, and her husband, the Los Angeles Tribune says:

"Dr. and Mrs. Roy Malcolm, who were married early in December, have returned from their wedding journey, and will be at home after February, at 623 Carondelet with Mr. and Mrs. L. E. Behmer, who are Mrs. Malcolm's parents.

"Mrs. Malcolm has been most popular as a society girl, especially in the musical set, and it is expected she and her husband will entertain widely and their home be a rendezvous for their musical and literary friends. Dr. Roy Malcolm is one of the faculty of the University of Southern California, at which institution he graduated before going to Harvard for his master's degree. Dr. Malcolm also is an alumnus of Boston University.

## "JIM" SMART FOR WEIGHT EVENTS OF OCCIDENTAL

Los Angeles Tribune: "Jim" Smart, the husky Occidental tackle, reported for the first time this season last evening for track practice. Smart will work in the weight events. He has good marks in the shot and discus, being one of the stellar performers in those events in the south. He will also attempt an event new to him this year when he tries the hammer. He is heavy and his training in discus will help in tossing the big weight. He should round into a point winner in these events.

## TIME CUT BETWEEN LOS ANGELES AND SEATTLE

SACRAMENTO, Jan. 9.—The Southern Pacific railway has announced a schedule change whereby the time between Seattle and Los Angeles is cut to just a little over forty-four hours. Under the new schedule, the trip between the two distant coast cities is cut down by almost a day.

The change will be made effective January 15, and has been authorized for the benefit of those persons of the northwest who desire to winter in Southern California.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

## TELLING THE TOURISTS ALL ABOUT THIS WONDERFUL LAND

McDannald Preaching the Gospel of Fair Skies and Fertile Lands to Hundreds of Newcomers

CHAMBER OF COMMERCE, Los Angeles, Jan. 5.—Its beginning to look like "Circus day" most all the time now. The way the tourist crowds through the big buildings, and elbow their way through the long aisles, is exceedingly gratifying, at least to one whose interests are centered here.

Occupying the most advantageous space in the building and keeping it filled from "cellar to garret" with luscious, appetizing fruits, fresh-picked, dried and preserved, it's small wonder we form a nucleus around which others cluster. As in years gone by strange eyes peer at our exhibits, and make mental measurements, and deductions.

Scarcely a day goes by but some one, on information bent, with rule or tape, makes accurate "soundings" of our mammoth pumpkin. A man said to me one day, "I have made correct measurement of this thing, and it's just 7 foot 6 one way and 5 foot 4 the other, and weighs 200 pounds, but I'd not hazard the risk of being turned out of a church if I told them the truth back home, so I'll just cut the figures in halves and even then I am liable to be ostracized."

Last year I met a banker from Seward, Nebraska, Mr. Joel Tissu, and interested him in Orange county. After he returned home I received a letter from him enclosing one dollar to defray postage on a package of literature. Yesterday he came marching into our exhibit leading a dapper little lady whom he introduced as his wife, saying, "We've heard your lecture, saw the pictures, now we are going down to Orange county with the avowed intention of casting our lot with you folks, whether you like it or not. I pen this item as a warning that you may be on the look out and not allow this man to locate on more than a section of our choicest orange land."

P. P. Pierson, a retired merchant of Walla Walla, Wash., and an old time acquaintance called on me this week. Mr. P's spent last winter here and intended going to Seattle this winter, but the night they landed in the Sound city it began to rain and the atmosphere became so murky no self-respecting person could be persuaded to remain and the only sensible thing to do was to act on the example set by the birds and drift south.

Another Visitor  
We were honored today by a pleasant visit from Commodore Foote, the gentleman's exact height, however, is 28 inches. The Commodore, with his wife—who is also a "midget"—is spending the winter in our balmy southern atmosphere, and gleefully admit there is nothing under the sun like it.

In contradistinction to Commodore Foote, a short time ago we had the pleasure of entertaining Colonel Right, whose avocation is netting 412. The Colonel, like the Commodore, was delighted with our immensity, and if he can be assured of a "bite," at three regular intervals may decide to tarry.

Walter V. Woelke, the well known magazine writer, inveigled me into a side room, with curtains drawn, and decanters removed and there under the spell of his mesmeric influence pumped me so dry of data and statistics concerning Orange county's wonderful resources, opportunities and possibilities that it took a cask of Burgundy to restore my system to normal conditions. Mr. Woelke is a forceful pencil pusher, his descriptive ability is so clear and distinct that I have acquired the habit of following him even after the lights have been turned out. You may confidently look for something sensational in

the next issue of the Sunset. When Walter and I collaborate and begin to diffuse statistics and such, we have the old "shell" game beaten threadbare.

Sugar Factory Maker  
Mr. and Mrs. H. S. Hadsall called the other day just to see, in a friendly way, what Orange county had on display, and to hear what was said, in a general way, of the man in charge, but stay, this story will brook no more delay, some one will get angry and knock the whey out of the man who dares to pen such doggerel as this when he might have been unfolding to the anxious stranger the story, ever new, where rolls the Santa Ana.

Mr. H. after having successfully installed two vast sugar factories in our little county, is now engaged along the same lines of notoriety in which Alexander the Great beguiled a few sovereign moments, looking for new worlds to conquer.

There is no trait in our character better calculated to make us the "butt of ridicule" than "force of habit." Now if you will patter down the road of reminiscence a little way with me, I'll tell you how it happened. My station in the big building happens, either by design or accident, to be near the telephone bell. Each of us have a number and as I am always near the bell, I make it my business to call those who are out of reach of its sound. Arizona's official call is 4 bells, and when I hear that number I shout "Arizona" in a voice that has often had a responding echo from down at Phoenix. Meandering aimlessly along the streets about Christmas time I strolled into the big Hamburger building and began to rubber around. The place was a veritable fairyland and I got interested. Satisfied with the curiosities on one floor I drifted to another. Along toward closing time I descended the stairway into the basement, and was standing on the lower landing lost to all sense of the time or surroundings, taking a bird's-eye view of the miles upon miles of display tables laden to their capacity with toys, gew-gaws and bric-a-brac, when a bell, almost at my elbow rang out four distinctive chimes. From long months of habit, and being imbued with a spirit of duty, I shouted "Arizona!" In an instant there was a rush for the exits. A few people who had formerly "cast their bread" in that locality and remembering the climatic conditions, quite naturally associated the call with a secret fire alarm signal, and at once started to stampede for the outer world. My official badge, a letter of introduction from Frank Wiggins, and a membership card of the Annals club convinced the police I was not the howling anarchist, the "Boss" claimed I was, and instead of going to "McNeil" I was just shoved over on the "Suspect" list.

## UNIVERSITY FARM AT DAVIS MAKING PRACTICAL FARMERS

At the University Farm at Davis are now back for their second or third year. In 1911 a new term's work began Jan. 2, students old and new setting about it to learn how to raise crops and animals, how to make farming efficient and profitable as possible, and how to get the most possible success, usefulness, and happiness out of life in the country.

The University Farm School has resumed its full capacity. This school is conducted by the University of California for boys who want practical training in farming. To have finished the eighth grade of the grammar school and to be at least fifteen years old is sufficient for admission. There were 93 boys enrolled in the farm school for the half year which ended in December. Of these, 56 were in their first year, 27 in the second year, 10 in their third. Thirteen had already graduated from a high school, 47 had taken partial course in a high school, and 33 had had only grammar school training.

These farm school students of high school age spend most of their time out of doors in dealing with the things and processes of farm life. The beginners, the boys in their first year, will, for example, between now and May 10 be given thorough training in how to judge livestock. Into the judging ring will be brought one day a number of Jersey heifers, and each boy will be expected to make a score card, to rank the heifers in order of merit, and to explain and justify the ranking. Other days the students will be taught how to recognize the good and bad points of other dairy breeds, of beef cattle, of the pedigreed Berkshire, Poland China, Tamworth, Chester White, and other fine hogs owned by the University, of its draft horses and roadsters, and of its Shropshire, Hampshire, and Southdown sheep.

Part of their time the beginners will spend in study of botany, with lectures on its relation to agriculture and with work with the microscope and in the propagation sheds and the school garden. Each boy will pick out some one of the great plant families, test his seed, plant the principal vegetables or grains of that particular family, and watch the daily developments. One boy will have in his particular garden plot plants of the mustard family—cabbage, Brussels sprouts, kale, cauliflower, kohlrabi. Another will plant the legumes—peas, string beans, Lima beans, lentils, and beans of varied sorts. Another will grow plants of the lily family, such as onion, salsify, and leek, and another those plant relatives, tomatoes, potatoes, eggplant, and the chili peppers, or particular groups of corns or grains or others of the family of grasses.

There will be "book learning" for the beginners, too, training in English composition, in letter-writing, in mathematics, including the foundations of algebra, geometry, and physics; and instrumental drawing, so that the beginner may come to understand how to make working drawings, how to map a farm and an irrigation system, how to draw plans for farmhouses and barns, packing houses and sheds. Then there will be training in forework, so that the boy may know how to heat iron, to make a weld, to do the ordinary farm blacksmithing and repairing, and to shoe a horse.

All these things for the first-year boys—and meanwhile the boys who

safe from tuberculosis or other disease germs, which are unfortunately exceedingly frequently present in most market butter, a menace to health to which the public is as yet, unfortunately, apparently asleep. Irrigation practice, horticulture, the improvement of varieties both of plants and animals, general farm management—all these subjects the college students will pursue.

This week marks the first beginning of instruction in horticulture at the University Farm for the college students. A mixed orchard of twenty acres has now been well started, filled with a variety of deciduous fruits, planted for teaching and experimental purposes. There is thirty-two acres of vineyard, ten of which twelve acres is an old Muscat vineyard, while twenty is an experimental vineyard containing a great variety of wine and raisin grapes. This year the University Farm will have 240 acres planted to barley, using the improved methods, and so far as it is available, the improved seed Professor George W. Shaw has worked out in his cereal improvement investigations at Davis and at the University's Kearney Experiment Station near Fresno; 130 acres in alfalfa; twelve in corn, for the silage; ten in wheat, to be fed to the thousand chickens in the poultry yards; while eighty acres are in use for pasture; fifty-four for experimental work to improve the varieties of wheat, barley, alfalfa, leguminous and other clover crops, corns, sorghums, etc., grown in California, and twenty-five acres are used by the United States Bureau of Irrigation. Investigations for experiments to determine the best possible amounts of water to be used in irrigating alfalfa, and the best possible ways and times of its application. The University Farm, that is to say, is being used by the University of California, and by the United States not only for teaching high school and college boys, not only for short courses for practical farmers and for demonstration and example, but also for finding out new ways of making the earth more fruitful and the results of man's toil more abundant.

## WILL RAISE ROAD TO DEFEAT TIDES

Newport News: All of the trustees but Mr. Lester were present at the regular monthly meeting of the board held Tuesday night.

L. H. Wallace reported that the dredger now being built by A. W. Kroschel would be operated at 25 cents a cubic yard. The matter was brought up in connection with Newport avenue between the city and the Santa Ana river bridge. The extra high tides we have been having lately have been going completely over the road and it is necessary to raise it. The city engineer was instructed to prepare an estimate of the number of yards of dirt required to fill the road.

G. J. Seielstad and F. W. Terry had an altercation Tuesday evening at Balboa which resulted in Seielstad swearing out a complaint against Terry charging him with assault. The trial was held before the city recorder Thursday morning and a number of witnesses placed on the stand who testified that Terry had used vile language but no witnesses could be found to bear out Seielstad's claim that Terry had struck him with a brick, but had used his fist. Terry claimed that he did not strike but merely shoved Seielstad. In summing up the evidence the court said that the laying of hands on a person in a violent or angry manner constituted assault, and assessed a fine of \$5 against Terry.

John King sold his lot on the bay front west of the Balboa pavilion Wednesday to Brayton S. Norton of Riverside for \$2500. Mr. Norton will erect a machine shop on the lot which will be in charge of A. W. Jackson.

## Get Rid of Your RHEUMATISM

No resort anywhere is better equipped or more pleasant for those suffering from Rheumatism, Neuralgia or Asthma than Arrowhead Hot Springs.

## Tourists—Spend a Few Days Here

For the benefit of tourists and those not accustomed to California winters, let us say that no spot in all Southern California offers so much in the way of clean, healthful, invigorating pleasure as a week or week-end spent at this glorious resort at the foot of the mountains.

All rooms are heated with natural hot water. Everything imaginable is done for your comfort and welfare.

To return east and not experience the enjoyment of a few days here, would mean a lasting regret. Read what these people say about Arrowhead Hot Springs.

Major Benjamin C. Truman, says: "I had suffered from rheumatism for about 12 weeks. I stayed four weeks at Arrowhead and took the mud and tub baths daily for fourteen days, and lo! my rheumatism left me."

Mr. C. Seligman, of M. A. Newmark & Co., says: "The Arrowhead Springs mud baths are a wonder, and I, as one of the sufferers or rheumatism, cannot speak too highly of them."

Judge Geo. H. Hutton of the Superior Court of California writes: "I found the hotel a most agreeable and satisfactory abiding place and the mud and hot water worked a complete cure for my sciatica."

Mr. C. C. Oswald, formerly in the famous Harvey Service is in charge of this hotel. The Chef is also a trained Harvey man. Patrons are assured of every courtesy and excellent service at all times. Arrowhead is a beautiful place to spend a few days—the rates are \$3 per day and upwards.

### LOS ANGELES PRODUCE MARKET

The first day's business of the week showed an unusually strong market. There was a noticeable advance in quotations on fresh vegetables. Green and wax beans went to 15 and 16 cents a pound, carrots sold at \$1.25 a sack, peas sold anywhere from 12 to 15 cents a pound, and cabbage, parsnips and bell peppers were advanced materially. The continued dry weather has served to bring about the marked advance along this line, and with most of the dealers shipping to outside points of the better quality of stock the local market has been hard hit.

The fruit market showed strength. While no change in quotations was noted the prevailing quotations were firmly upheld. Believers of the four-tier size moved freely from \$1.30 to \$1.35 a box. Black and white grapes sold from \$2.25 to \$2.50 a white box.

Grapefruit showed a decline of 50 cents a box on both seedless and seedlings. More liberal receipts and in indifferent demand was the reason assigned for the decline.

The egg market was strong at prevailing quotations. There was a good outlet for the moderate receipts over Sunday. Storage stock was only in fair demand. Arrivals were 198 cases.

Butter receipts were 21,792 pounds. The market was firm on the better grades, while cooking butters were inclined to be weak under heavy receipts.

Cheese arrivals were 525 pounds. There was no special feature along this line. There was a good movement reported on all varieties which moved out at quoted prices.

The potato market was steady. Considerable stock was shipped to outside points. There was only a moderate demand locally. Receipts were 2665 sacks.

The firm market on onions last week was again manifest. There was a heavy demand for both Yellow and Australian Browns, which moved out at \$2 a hundred eight. Arrivals were 610 sacks.

The bean market was a trifle easier under liberal receipts. Lady Washingtons and No. 1 pinks were the best sellers of the day. Arrivals were 605 sacks.

Sweet potatoes were firm. Receipts were 139 sacks.

Apple arrivals were 1377 boxes. The hay market firmed up considerably. The light rains during the

past two weeks have just about started the grass, but considering the cold weather around the Christmas holidays there will be no feed for at least two months or more. Alfalfa is especially strong as large amounts are being shipped to the outlying districts for feeding stock, which otherwise would be fed grass at this time of the year had there been plenty of rain. Choice tame oat hay was quoted from \$25 to \$28 carload lots.

## AT THE COURT HOUSE FIFTEEN-YEAR SENTENCE HIS

Anaheim Man Given Term in  
San Quentin For Assault  
on Little Girl

Judge Says Innocent Men  
Have Been Convicted, But  
Eastland Not One

Louis J. Eastland of Anaheim was  
this morning sentenced to fifteen  
years in San Quentin. Eastland was  
convicted of making a felonious as-  
sault upon Ada Tripp, aged 7 years,  
of Anaheim.

Eastland is a tall weak-appearing  
man. He stated this morning that he  
is 36 years old, born at Napa and a  
resident of Anaheim, where he was  
employed in a brewery, for three  
years.

In sentencing Eastland, Judge West  
said that he knew that the blow  
would fall heaviest upon Eastland's  
mother, a faithful woman, who has  
been loyal to her son throughout.

"But society demands that you be  
dealt with," said the judge. "You will  
be getting off lightly if you have to  
spend ten years in prison. With the  
sentence of fifteen years by good

behavior you can get out of prison  
in nine years and eight months."

Eastland was asked if he had any  
preference as to which prison he  
should be sent, and he said that he  
thought he preferred San Quentin to  
Folsom, and the judge made it San  
Quentin.

Attorneys Weisel & Dutton of Ana-  
heim, representing Eastland, gave  
notice of appeal.

The crime against the little girl re-  
sulted in no permanent injury to her.  
When the judge asked Eastland if  
he had anything to say, Eastland re-  
plied that all he had to say was that  
he was innocent.

"Innocent men have been convict-  
ed of crime," said the judge, "but in  
this case I am certain that a guilty  
man was convicted." The judge re-  
viewed the testimony, showing clearly  
why the jury thought Eastland  
guilty.

**Notice Recorded**  
Notice of attachment was recorded  
yesterday in an action brought by  
Charles S. Gilbert against Robert  
Boswell on a demand for \$120 and  
\$25 attorney's fees. Lots in Balboa  
Island were attached.

**Judgment Entered**  
Judgment was entered today in fa-  
vor of the plaintiff in the suit of J.  
A. Buckingham against J. F. Shover,  
for \$422. Williams & Rutan are at-  
torneys for the plaintiff. The de-  
fendant defaulted. It is understood  
that payment of the judgment has  
been arranged for.

**Attachment Case**  
A return of a writ of attachment  
was filed with the county clerk to-  
day in the action of Farmers &  
Merchants National Bank against  
John M. and Kate Grimsley. The  
suit is for \$275, on a note. An ac-  
count of \$91.34 in the First National  
Bank of Whittier is attached.

**Marriage Licenses**  
Charles E. Vernon, 29, and Mabel  
I. Brown, 29, both of Los Angeles;  
Pio Sepulveda, 60, of West Glendale,  
and Lupe Arozco, 35, of Los Angeles;  
Carlos T. Guerrero, 22, of Mexico  
City, and Mary G. Miller, 18, of Los  
Angeles; Dan R. Williams, 24, of  
Buena Park, and Grace R. Lucas, 18,  
of Cypress; Albert Johnson, 34, and  
Amelia A. Swan, 30, both of Los An-  
geles.

**Trial Jurors**  
Judge West today drew the first  
term trial jurors, with instructions  
that the forty-five men whose names  
were drawn appear in court on Jan.  
15. The names drawn follow:

S. W. Price, Henry Fitch, W. D. Ma-

## IN THE JUSTICE'S COURT IS SENTENCED TO PAY A FINE

Manuel Rico Found Out That  
His Consent to Judgment  
Was Not Necessary

Manuel Rico was today sentenced  
to pay a fine of \$15. Rico is the man  
who was convicted in Justice Cox's  
court yesterday of stealing four bales  
of hay from S. C. Oertly of Garden  
Grove. At that time Rico refused to  
be sentenced, and he declared he  
never would be sentenced. This morn-  
ing 9 o'clock was set as the time for  
sentence. Before that time arrived  
Rico had consulted Attorney Ferguson  
and learned that there was no way  
by which Rico could avoid sentence.  
So when Rico came into court he  
made no protest, and was ordered to  
pay a fine of \$15. The fine was light  
for the reason that Rico has already  
been in jail twenty-five days awaiting  
trial. It was stated that Rico's wife  
would pay the fine today.

**Sent to Jail**  
Yesterday afternoon Justice Cox  
had fifteen hooches before him on a  
charge of riding on a Santa Fe train  
without paying fare. These men were  
taken off a train by a Santa Fe spe-  
cial officer and turned over to the  
city police. Fourteen pleaded guilty  
and were given fifteen days in jail.  
The fifteenth man asked for a jury  
trial.

**Cases Are Set**  
Justice Cox today set two cases for  
trial, that of Charles Timpike of Ana-  
heim, charged with disturbing the  
peace, and that of Fred McFarland of  
Los Alamitos, charged with defraud-  
ing a hotel-keeper. Both are set for  
Jan. 20.

**BOARD OF SUPERVISORS**  
**OFFER BONDS**  
**FOUR BLOCKS**

Feb. 7 Is Time Set For Re-  
ceiving Bids For the Poly-  
technic Issue

The Board of Supervisors today  
set Feb. 7 as the time for opening  
bids for the \$200,000 bonds of the  
Santa Ana high school district and  
the \$25,000 bonds of the Santa Ana  
common school district, voted on  
Dec. 14. After a conference between  
District Attorney West and W. L.  
Duggan, president of the school  
board, the supervisors agreed to call  
for bids for the high school bonds  
according to the wishes of the school  
board; that is, in blocks of \$50,000,  
the first \$50,000 to be delivered im-  
mediately, the second July 1, the  
third on Oct. 1, and the fourth on  
Jan. 1 next.

It appeared that the bonds must  
bear date of Jan. 1, 1912, as that  
was the date named by City Attorney  
Heathman in the notice of election.  
Interest is payable semi-annually.  
That means that the first interest is  
payable on July 1 of this year. The  
interest that will then be due, if the  
bonds are sold in blocks, will be the  
interest on the first \$50,000 from the  
time of sale to July 1. It was pointed  
out that whoever buys the bonds  
will have to wait until October for  
payment of that first interest, for  
there will be no money in the bond  
interest fund of this issue.

The call for bids will be such that  
a bidder can bid for each block sepa-  
rately or for the entire issue of  
\$200,000. The sale will be for the  
entire issue, but the delivery of  
bonds will be in \$50,000 blocks.

**Wants the Road**  
The supervisors received a letter  
from H. H. Weddle of San Diego, im-  
pector-in-chief of the immigration  
service, urging that the Sevierville  
can road be built. The letter stated  
that the road would be of great ser-  
vice to the immigration service in

catching smugglers, for all trails  
would have to pass this road or  
some other county road.

**For a Franchise**  
The application of the Anaheim  
Union Water Company for a franchise  
for an irrigation pipeline along Com-  
monwealth avenue at Fullerton has  
been received by the Board of Super-  
visors, and a franchise has been or-  
dered advertised for sale at 11  
o'clock Feb. 20.

## THREE KILLED IN COLLISION ON THE CANADIAN PACIFIC

MONTREAL, Jan. 9.—Two uniden-  
tified passengers and brakeman De-  
harnais were killed and five other  
passengers injured yesterday after-  
noon when the baggage car of a  
Canadian Pacific train telescoped the  
second-class car of another train  
while running at high speed near St.  
Vincent de Paul.

The engineer and conductor of the  
train from Quebec were badly in-  
jured.

## BOB FITZSIMMONS AND WIFE DISAGREE OVER APPLEJACK

NEW YORK, Jan. 9.—If Julia May  
Gifford, wife of Bob Fitzsimmons,  
has really placed the ex-champion  
pugilist on probation not to drink  
any more Jersey applejack or other  
exhilarating beverages, as Milwau-  
zee dispatches say she has, then all  
is over between them, and the di-  
vorce mill can be got busy.

This was the ultimatum delivered  
by Bob last night.

## "MAYRANT" MISSING "M'CALL" IS ALSO BEING LOOKED FOR

WASHINGTON, Jan. 9.—Navy  
wireless messages say that both the  
torpedo boats Mayrant and M'Call  
are missing, having disappeared af-  
ter Sunday's storm. The remainder  
of the fleet have been accounted for.

**Vessels Search for Mayrant**  
NORFOLK, Va., Jan. 9.—Strawn  
out all over the Atlantic ocean ten  
battleships and cruisers are scour-  
ing the sea for the torpedo boat May-  
rant, which naval officers fear may  
have foundered during the terrible  
northwest gale that swept the coast  
Friday and damaged half a dozen  
ships of the Atlantic fleet.

## STEAMER ASHORE OFF MASSACHUSETTS COAST

PROVINCETOWN, Mass., Jan. 9.—  
An unknown steamer is ashore off  
Truro. A terrific gale is blowing,  
and all efforts to reach the steamer  
or to identify her have been unavailing.

## 122-YEAR-OLD INDIAN WOMAN BEGINNING STUDY OF ENGLISH

SAN DIEGO, Jan. 9.—Gertrude Alta,  
reputed to be 122 years old, and the  
oldest Indian woman in California, be-  
gan the task of learning to speak En-  
glish today. During all the years Ger-  
trude has lived with white people in  
Southern California she has refused to  
learn their language. She can  
speak Spanish fluently, and in this  
language she has been receiving visitors  
at Ramona's marriage place in the  
"old town" for the last week.

Thomas Getz, manager of the place,  
volunteered to teach the aged woman  
today. Her eyes are still good and  
her voice strong. She took keen in-  
terest in her first lesson yesterday  
morning and last night was able to  
speak several words.

## THREE SUSPECTS IN BIG BANK ROBBERY

NEW YORK, Jan. 9.—John Mc-  
Namara, former San Francisco sa-  
loonist, suspected as an accomplice  
in the \$258,000 New Westminster  
bank robbery in Canada, vigorously  
denied that he is "Australian Mack,"  
wanted for the crime. He declared

## ANOTHER SUSPECT THOUGHT TO BE IN PORTLAND VICINITY

PORTLAND, Jan. 9.—The third of  
the five criminals suspected of loot-  
ing the New Westminster bank, is  
believed by the police to be within  
a hundred-mile radius of Portland.  
The police say his name is William  
Barrett, and expect to arrest him to-  
day. He has a prison record.

## S. P. PRESIDENT TO DIVIDE HIS TIME

Will Open Headquarters Office  
in Los Angeles—Divide  
Time With Frisco

LOS ANGELES, Jan. 9.—Official  
recognition of the growing impor-  
tance of Los Angeles as a commercial  
and railroad center was embodied  
yesterday in the announcement that  
President William Sproule of the  
Southern Pacific has established  
headquarters here and from now on  
will divide his time between Los  
Angeles and San Francisco.

This significant innovation will al-  
so extend to two other leading ex-  
ecutive offices of the system, that  
of Vice President and General Man-  
ager Calvin and Vice President and  
Traffic Manager E. Q. McCormick.

## TANGERINES ARE ON MARKET—LARGER CROP THAN IN 1911

LOS ANGELES, Jan. 9.—"This sea-  
son's tangerine crop of Southern Cal-  
ifornia will be considerably larger than  
last year," said Mr. Huber of Rivers  
Bros. Fruit company yesterday. "The  
first tangerines of the season were put  
on the market a few days ago, but  
they will not be plentiful for about two  
weeks, when the price will be around  
\$1.75 a box, where it should remain  
throughout the season."

"Only a small quantity of these  
oranges are shipped east, but the de-  
mand for them here is strong enough  
to keep the market steady. Practi-  
cally all the tangerines grown in the  
United States are raised in Southern  
California."
